

Mentoring Program „careerSTEPS“

Why should we, as professors, participate as mentors in the 'careerSTEPS' mentoring program?

- ❖ to have the opportunity to share your experiences with young (future) researchers and to offer them new perspectives and career paths.
- ❖ to contribute to enhancing the attractiveness of our university and expanding international partnerships.
- ❖ to inspire more people for your field of expertise.
- ❖ to meet new open-minded people and establish new cross-border connections through 'career4PROF'."

Why should doctoral candidates participate in the mentoring program 'careerSTEPS'?"

- ❖ Because we value and want to support your talent.
- ❖ Because you will have the opportunity to learn about what and how experts work in a specific field and what their daily routine looks like.
- ❖ Because new career paths will be revealed to you.
- ❖ Because you will gather sufficient information about the doctoral procedure and/or academic further qualification.
- ❖ Because you can find new contacts across borders through 'career4PROF.'
- ❖ Because you have the opportunity to gain international experience.
- ❖ Because you will gain a new qualification.

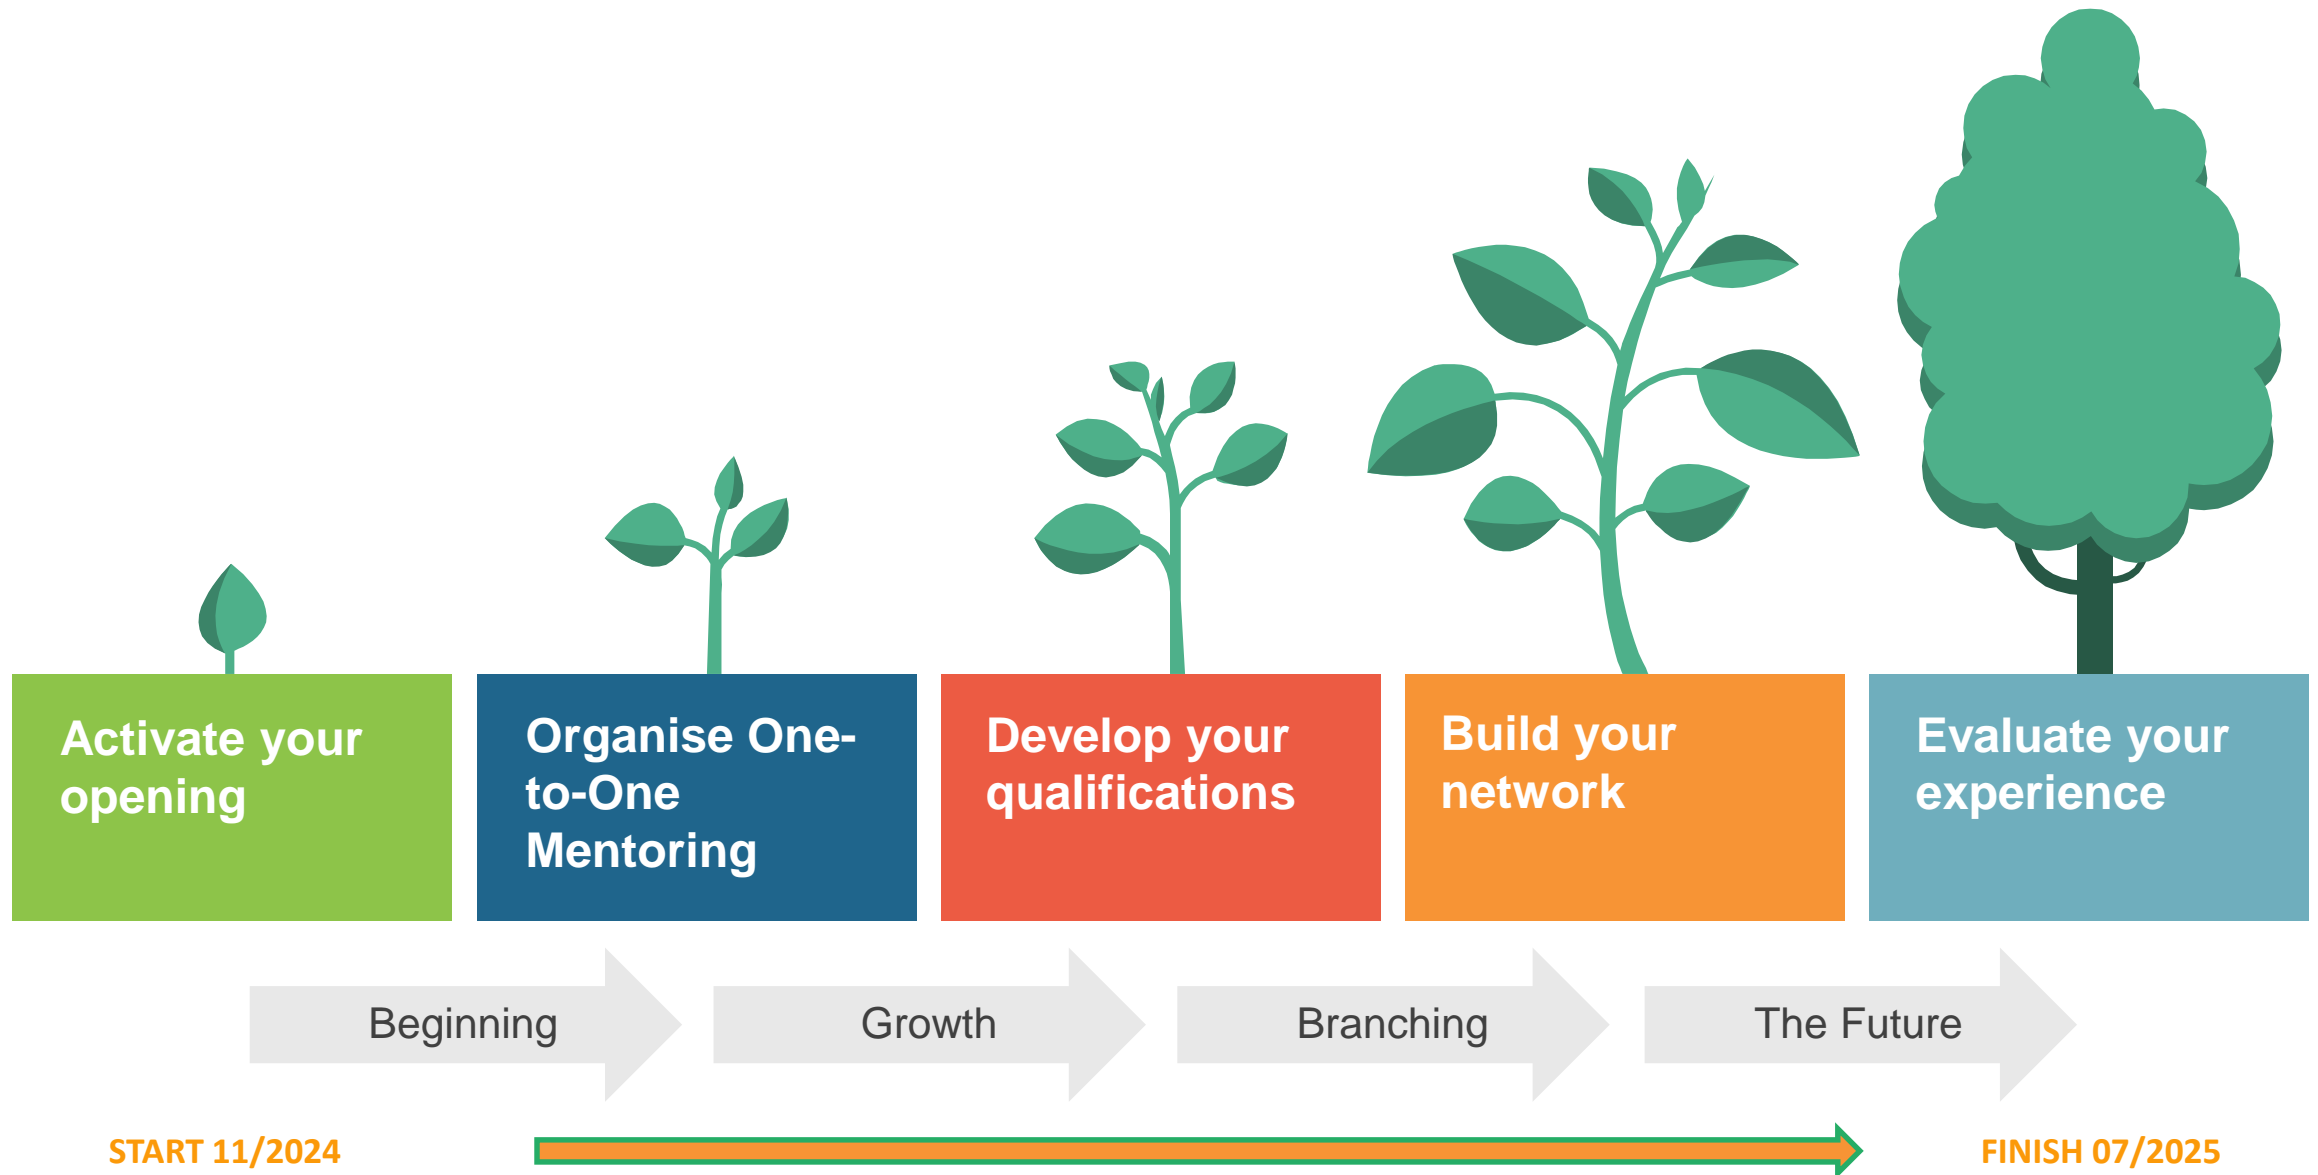

Master degree completed. What's next?

„careerSTEPS“

- Time to work and make money
